OPERATIONS

12. **Please check the category which best describes your organization**

☐ Health and Wellness Center	Center or clinics established for primarily walk-in patients for basic health and health-related services. Primary care providers predominantly RNs or LPNs, NPs, and physician assistants. Facilities in this category would include free clinics open to the public or those provided for students/faculty of schools, colleges, universities.
☐ Primary Care Clinic	Majority of patient visits are scheduled preventative health services. This category can also include extended hours walk-in clinics where urgent care services are not the primary services provided by your organization. Your regular office hours have been extended to include the addition of walk-in care services. Primary care givers during these hours could include physicians or mid-level providers, although physicians are available during the extended hours.
☐ Urgent Care Center	Urgent care services are the primary activities performed by your organization. Physicians regularly staff your locations with the support of mid-level providers. Services provided are sometimes broader in scope than those typically found in a physician's office. Locations may offer a range of services including physical therapy, occupational therapy, occupational health (Workers Compensation exams), on site x-ray and clinical lab.
☐ Emergi-Center	High level of acuity and may include minor invasive procedures such as those provided in emergency care centers/emergency rooms. Services would also include high level treatment for trauma or severe illness and crisis stabilization. Treatments may require moderate to high levels of anesthesia
☐ Other	Please provide a description of your organization if it does not **readily** reflect one of the above categories. _____ _____
